Student Union President's Message

"Life is about the journey, not the destination."

Ralph W Emerson

This quote by Emerson uniquely sums up the inherent truth within our high school experience. So much is made about getting your high school diploma and the amazing opportunities afforded by it. However, in truth the destination, no matter how important, pales in comparison to the experiences and memories that we have attained throughout our high school journey.

The experiences with other students, whether in athletics, arts, or leadership, have shaped our high school experience and have made it a truly unforgettable adventure. These memories, we have formed with all of our classmates, will never be broken.

The struggles and triumphs in academics have allowed us to grow as people, and develop skills we did not previously have. This hard work and dedication is what will propel us into future successes.

As you all stand here, at your Graduation, I hope you will always cherish your memories with your friends, classmates, and teachers. I hope you will utilise and improve on the character traits forged in the pressures of high school academics. These moments and character traits, in addition to your diploma, are the result of your high school years.

Throughout the future, as you reflect back on this time, I hope you remember these moments and memories and that your time at Page has been the best years of your life... so far.

Wilson Sterling, Student Union President 2015-2016

"Sometimes you will never know the value of a moment until it becomes a memory." -Dr. Seuss

In such a fast paced world, it's nice to slow down and look back on the past and remember all of the moments we shared at Page.

With awesome events like Bike-A-Thon, Touch of Class, and our fantastic grad week there are so many memories that have made every day special. This school is full of life and our team has worked tirelessly to capture the fun and adventures during the school year. With such a diverse community we have had the opportunity to grow and experience new opportunities. This year was enjoyable, full of new friends, activities, events, achievements, and adventures. Though time will move onward, your yearbook will be there for you to look at whenever you want.

For the students who will be leaving Page, remember the most of your last year of high school and the friends, events, and memories you've shared. Appreciate this time as you move forward and create new memories along the way, this is the only time we will be in high school. For those returning to Page, appreciate the new moments you will have as you move toward graduation, good luck in the 2016-2017 year and beyond.

Enjoy your look back on the memories of this great year!

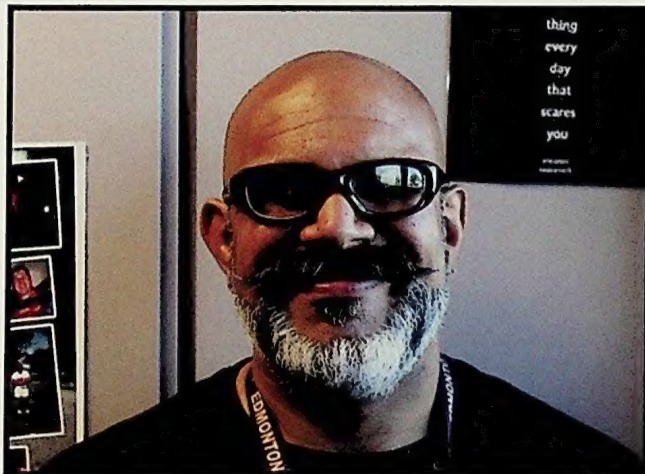

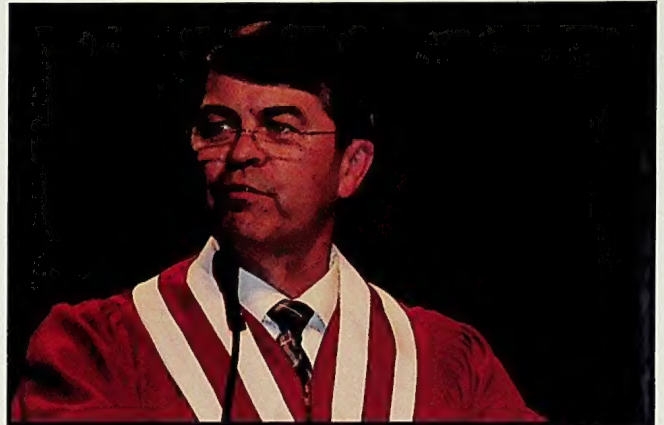

Jennifer Galm, Yearbook Team

PRINCIPAL'S MESSAGE

Mr. Gane Olsen - Principal

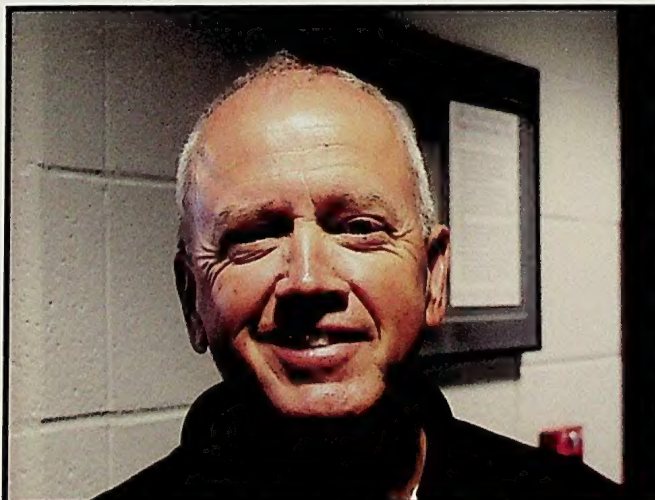

I am the Principal of J. Percy Page and I am completing my 40th year in education! This is my third and last year at Page, which makes me very sad. I have grown to love this community deeply. The staff is amazing, caring, and involved in every part of life in our community. The students are outstanding, service-oriented, and enthusiastic in their learning and skill development. The Page Advantage is the result of everyone being dedicated to helping each other grow into more productive global citizens and valued friends! We are Page! While we cherish our advantage, we know that by sharing our light we can illuminate the way for others. Page will always be in my heart, both faces and experiences, as we follow new paths into the future.

Thank you for lighting my way these past three years.

Mr. Greg Boras - Assistant Principal

This is my 24th year with Edmonton Public as Science teacher, Science Department Head, and Assistant Principal and my 4th year at Page. A moment that I not so much enjoyed, but was definitely memorable, was Tight and Bright Day in the school. I can't "un-see" Wilson Sterling in those tight pink leggings, ha ha!! Congrats to all the 2016 Grads!! It's been a pleasure working with you for the past 3 years and I wish you all the best wherever your life's journey may take you. Even though graduating from high school is a wonderful accomplishment and a big milestone, most of life's greatest moments still lie ahead!! Enjoy!!

Mr. Naveed Chaudry - Assistant Principal

This is my 19th year in Education and my 5th year as AP at Page. But I used to teach here too. I guess you can say I have been here 8 out of the last 11 years. I absolutely love J. Percy Page. While I never went to school here (I am a Millwoods kid:), I am so lucky to work at this school. I work with the greatest students and teachers in Edmonton. What does Page mean to me? Our school is about acceptance. No matter who you are, you can find you fit here at our school. A highlight has to be our One Page Many Worlds event, and Bikethon, and Into the Woods, and.....to many more to name! I will leave you with this very important quote,

Life isn't about finding yourself. It is about creating yourself. - Unknown

Mr. Gord Mercy - Assistant Principal

This is my 29th year in education and my second here at Page. I love the atmosphere/sense of community that exists at this school. Page is a friendly, welcoming place to come to each day and to be a part of. There really is something here for every type of interest: fine arts, athletics, academics, leadership, those interested in the trades, and students with very unique needs. We do our best to support the needs and interests of the very broad range of learners. My daughters both attended and graduated from Page and always speak about their experiences at this school in such a positive way. They liked it so much at Page I had to come here to be a part of things. Page people are great people to work with because they care about building the best possible relationships they can with those they work with, adult and student alike.

Into the Woods

Every year the musical theatre class puts on a production. This year was "Into the Woods", a musical by Stephen Sondheim and James Lapine. This production follows the twisted tales of some of the most famous Grimm fairytales in their adventures to find their happily ever after. This production involved over thirty cast and crew members and over six months of work.

Travel Club

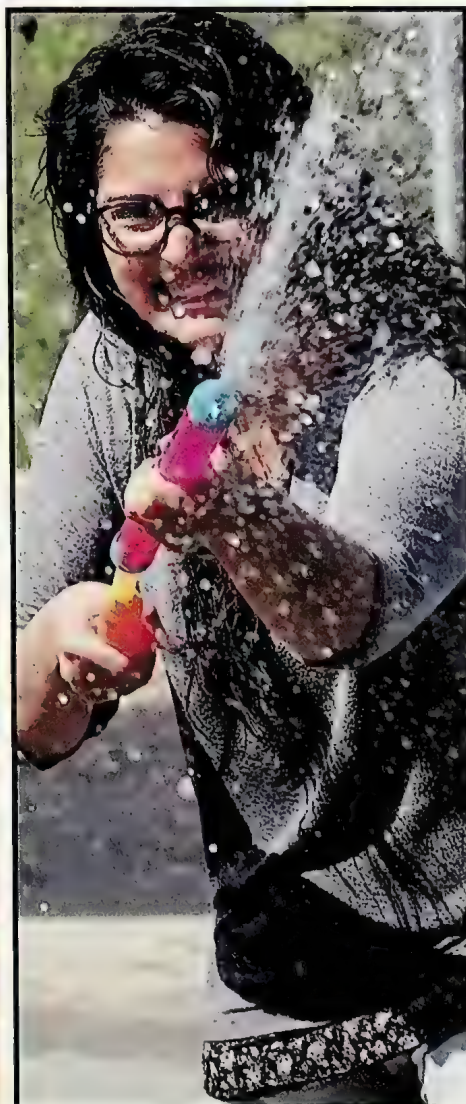

This year's travel club traveled to areas around France and Italy, including Paris, the Loire Valley, Florence, Pisa, and Rome. As well as visiting famous landmarks, the students also experienced the Parisian and Italian culture.

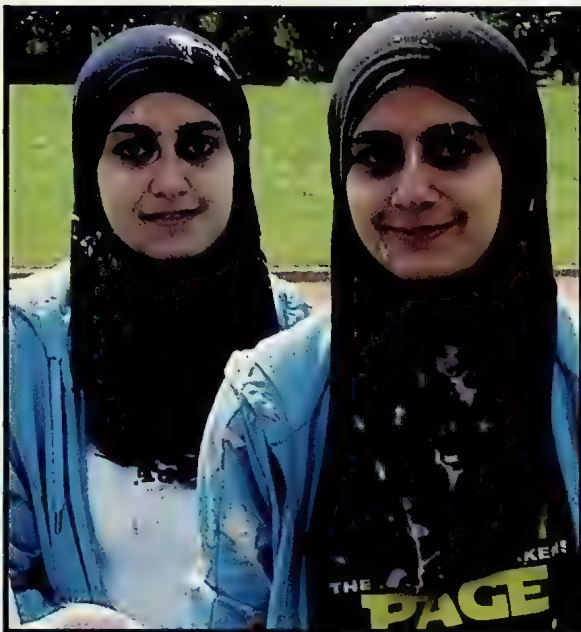

The trip included all forms of transportation, from airplanes, to cars, buses, and an overnight train. The cultural immersion also involved eating delicious food from local restaurants, including homemade Italian gelato (pictured above), crêpes, and traditional Italian pizza.
